MESSAGE

Dear Examiner Pham,

I would like to hold a personal interview with you on this application preferably on one of the mornings of May 5, May 6, or May 7, 2008. If these times are not suitable, please contact me at the telephone number above so that we can identify a mutually agreeable time.

I also intend to bring with me a representative for the assignee, General Arthur Blades, who would like to bring a model of an embodiment of the invention.

Regarding the agenda for the interview, there are three main points that we would like to discuss.

- (1) With regard to Claim 2, for example, it is believed that Koppich does not disclose the claimed "pre-filtering" step, nor the "identifying a subset" step.
- (2) Possible amendment to the claims to be directed to a stand-alone box that performs the profiling, which is a different architecture then that of the asserted prior art.
- (3) Discuss what additional features may be needed in the declaration under 37 CFR §1.131 by Charles Smith, filed on March 2, 2007.

I look forward to receiving your reply.

Bradley D. Lytle
